

El Toro Park Improvements **(Recently Completed)**

The improvements for this project included:

- new play equipment
- expanded playground area
- installed shade structures and swings
- removal of the existing handball courts
- installed outdoor exercise equipment

The playground accommodates persons with disabilities with wide ramps. Construction for the project was complete in September 2010. Staff presented a notice of completion to the City Council at its meeting on November 16, 2010.
